

WORKSAFE® NITRILE MICRO-FOAM SEAMLESS DOTTED NYLON LINER GLOVES GENERAL PURPOSE GLOVES

Enhanced with raised PU dots to increase durability and provides extra cushioning in repetitive applications. Highly breathable with superior dexterity, this glove provides a perfect fit for precision handling in dry environments. Nitrile micro-foam coating gives the glove an excellent grip and abrasion resistance. Soft and seamless nylon liner adds more comfort, reduces hand fatigue and improves fingertip sensitivity.
