

SWORKE® RX CYCLONE-X SAFETY PRESCRIPTION EYEWEAR

Constructed to complement both the Asian and Western facial anatomies. It is the second version of a hurricane-like technical sports frame.

- 3-point temple adjustments allow greater face & cheek coverage
- Switchable lens system - choices of polarized and photochromic lenses available
- Vented frame
- Grooved and rubber tipped wraparound temples maximise grip
- Removeable, sweat-resistant padded browguard
- Burly rubber nose pads cushions impact
- Removeable Rx lens carrier available for corrective vision
